

## LATCHES, BUMPERS & DOOR HOLDERS/STOPS

### MAGNETIC DOOR LATCHES

These extremely powerful Rare Earth magnetic latches have a very thin profile. Ideal for door & cabinet applications or for mounting panels, signs, pictures, etc. Plated magnet, washers and screws reduce corrosion. Washers are recessed to allow the screw head to set below the contact area.

**FEATURES:**

- » ML050 uses 3M VHB Adhesive on the magnet
- » Screw(s) included are #6 x 5/8" long

Hold - lbs (kg)	Magnet			Strike Plate			Weight (lbs)	Model No.
	O.D. (in)	Depth (in)	I.D. (in)	O.D. (in)	Depth (in)	I.D. (in)		
2 (0.91)	0.50	0.06	N/A	0.56	0.070	0.221	0.0001	ML050
13 (5.90)	0.75	0.12	0.18	0.70	0.070	0.221	0.01	ML075
37 (16.78)	0.98	0.31	0.21	1.00	0.070	0.221	0.05	ML098

### MAGNETIC RUBBER BUMPERS

Adding a rubber bumper is faster than ever with a magnetic attachment. No more drilling/tapping holes to mount a bumper. Simply attach the magnetic bumper to a steel surface, slide it to the exact location and you are done.

**FEATURES:**

- » Incredibly strong Rare Earth magnetic hold
- » Abrasion-resistant SBR rubber
- » Durometer is 65A to 80A
- » Temperature range is 0° to 180°F
- » Indoor use only

Hold - lbs (kg)	Diameter (in)	Length (in)	Weight (lbs)	Model No.
5.0 (2.27)	1/2	3/8	0.01	B705W5006
5.0 (2.27)	5/8	3/8	0.01	B727W5006
15.3 (6.94)	3/4	1/2	0.01	B755W7506
15.3 (6.94)	7/8	5/8	0.05	B116W7506
16.5 (7.48)	1-1/32	3/4	0.05	B785W10006

### MAGNETIC DOOR HOLDERS/STOPS

Powerful Rare Earth magnetic connection systems can be used to hold doors & cabinets in the open position or to attach key rings, knives & tools in both indoor and outdoor applications. Ideal for workshops, home, office, garage, RV or marine settings. Magnets are embedded inside a non-marring housing and come with several different mounting options, including adhesive, screws or rivets.

**MAGNETIC CONNECTORS:**

- » ABS plastic housing
- » 3M adhesive backing

**TRAILER/WALL MOUNT MODELS:**

- » Non-marring EPDM\* rubber housing
- » Mounting screws included

**FLOOR MOUNT MODELS:**

- » Non-marring EPDM\* rubber housing
- » Powder coated steel floor bracket
- » Mounting screws included 1" L #10 Self-Tapping

Magnetic Connector Models (Black or White)								
Hold - lbs (kg)	Description	Flange Diameter (in)	Magnet Diameter (in)	Projects (in)	Weight (lbs)	Magnet Color	Model No.	
5.5 (2.49)	2 Magnets	1-1/2	3/4	9/16	0.05	Black	D1BL	
5.5 (2.49)	2 Magnets	1-1/2	3/4	9/16	0.05	White	D1WH	

Trailer Mount Model							
Hold - lbs (kg)	Description	Flange Diameter (in)	Magnet Diameter (in)	Projects (in)	Weight (lbs)	Magnet Color	Model No.
27 (12.25)	1 Magnet, 1 Hardware	3-1/2	1-3/8	1-3/8	0.45	Black	D3X1BL
27 (12.25)	1 Magnet, 1 Plate, Hardware	3-1/2	1-3/8	1-3/8	0.65	Black	D3X1BLP
31 (14.06)	2 Magnets, Hardware	3-1/2	1-3/8	2-3/4 ea.	0.90	Black	D3X2BL

Note: Models with 2 magnets project farther than most door knobs. \*EPDM = Ethylene Propylene Diene Monomer (Type of Synthetic Rubber)

Floor Mount Model							
Hold - lbs (kg)	Description	Flange Diameter (in)	Magnet Diameter (in)	Projects (in)	Weight (lbs)	Magnet Color	Model No.
27 (12.25)	1 Magnet, 1 Plate, 1 Bracket, Hardware	3-1/2	1-3/8	2-3/4	2.20	Orange	D3X1BKT
31 (14.06)	2 Magnets, 1 Plate, 1 Bracket, Hardware	3-1/2	1-3/8	2-3/4 ea.	2.45	Orange/Black	D3X2BKT

Note: Models with 2 magnets project farther than most door knobs. \*EPDM = Ethylene Propylene Diene Monomer (Type of Synthetic Rubber)
