

MANUAL • VERSALIFT™ VERTICAL LIFT LUG ADAPTOR (VLLUG1 & VLLUG2)

ASSEMBLY INSTRUCTIONS:

Insert Provided Cap Screws into the Vertical Lift Lug Adaptor (as shown in diagram) and then insert into the End Plate of VersaLift™ Magnet into the provided location.

Note: The Vertical Lift Lug Adaptor is designed and intended to be installed with the lug portion close to flush with the magnet face. Improper installation may reduce the effectiveness and safety of the Magnet and Adaptor.
