

Making Things Better®

September 2017

To Industrial Magnetics, Inc. customers,

We want to thank you for the valued business you provide our company.

Please be advised that in and around the application of magnetic equipment, there are potential safety concerns that can arise with sensitive medical devices:

- Pacemaker behavior can be affected when they are near strong magnetic fields
- Medical implants and external fixation systems can be influenced by magnetic fields
- Hearing aid behavior may be affected when exposed to strong magnetic fields

Any individual that carries the above equipment or other sensitive medical devices should use caution when they are around or handling magnets. For more specific information the wearer should contact their physician.

Your business with us is valued and will continue to be of the professional standard which you've come to expect. If you have any questions or would like further information, we welcome your call.

Sincerely,

Dennis O'Leary
Chief Business Development Officer
